WHO'S WHO

WELCOME NOTE

- ❖ Std II is a year of building up on the foundation of Std I.
- ❖ The progression from Std I to Std II is from a world of symbols and concepts to awareness of the world around along with the understanding of concepts.
- ❖ This doesn't mean that play is not important, but it does mean that learning in Std II becomes more organized and routine-based, with a lot of room for children's explorations. The skills learnt in Std I are further strengthened.
